September 6, 2011

Dear Parent/Guardian:

Our school may be eligible for federal and state funds to provide additional educational services. This will enable staff and parents to design and implement programs to assist all students in achieving high academic standards.

The funds available to each school are based primarily on the number of enrolled students whose families meet income eligibility criteria for free and reduced priced meals or milk. Even though Landmark Academy does not have a meal program, it can receive funds for educational services if it is able to provide a count of students who meet the income guidelines.

In order for our school to begin the process all families must complete the attached application and return it to the school. Instructions and eligibility chart are attached.

If you have any questions, please feel free to contact us at 982-7210.

Sincerely,

Danielle Shannon and Debra Wilton
Building Administrators

Tanya Dillingham
Title I Coordinator
